Message from Medical Superintendent:

Sambhram Hospital is 750 bedded multispecialty teaching hospital attached to Sambhram Institute of Medical Sciences & Research, KGF. The infrastructure is setting up to occupy 1000 beds in the next couple of years. The hospital opens its doors round the clock to patients with all the most modern medical facilities. Sambhram Hospital is led by a humble, benevolent, visionary management believing in philanthropy and delivery of high-quality healthcare services not only to the poor and needy patients but also to all level of people in the society. This is visible in the form of regular conduct of free health check-up camps, health awareness campaigns targeted at weak & under privileged sections of the society at KGF and providing free / subsidized consultations, investigations, treatments & medicines. The hospital is structured with all the required clinical departments with round the clock functioning OPDs, IPDs, Emergency & Casualty, ICU services, ultramodern Operation Theatres, Dialysis Services etc. All the OPDs are attached with demonstration rooms and other clinical facilities. Sambhram Institute of Medical Sciences & Research, KGF is also the best selection for all health aspirants to acquire vast knowledge in the area of traditional and modern medical education.

Best Regards,

Dr. Yella Reddy MBBS,MS (Gen Surgery)
